"IDEAL TEMPERING – ON A PALLET BASIS"

PTT 500-2000
multitemp

Thanks to the high-performance solutions from TVI, you can increase the efficiency and productivity of your company. Guaranteed.

Benefits

- Rapid tempering in E1/E2 euro containers on pallets
- Even temperature in all containers
- Ideal processing temperature with no drip loss
- Energy recovery

IMPRESSIVE TECHNOLOGY

- Even tempering of products in containers on pallets
- Rapid acceleration of chilling or warming processes
- Operating with circulating air; no separate chilling or warming source necessary
- Example: Tempering from approx. -18 to -2 °C within 10 to 14 h with minimal loss of juice (at room temperature of approx. 4 to 8 °C)
